

WARRANTY Line

RECHARGING
for your professional
CLIMA STATION

WARRANTY LINE

WARRANTY LINE is a complete line of **PRODUCTS** and **ACCESSORIES** specifically designed for the car A/C system Recharge Station, wanted by those who know the machines exactly because they manufacture them.

The **WARRANTY LINE** products have been specifically conceived for an intensive and professional use on the best recharge stations currently on the market, guaranteeing excellent performance on any tool. Their constant use guarantees the **IDEAL OPERATION** of the machine, recharge after recharge, prolonging its garage life.

NEW OIL LINE

OLIO PAG ISO 46

OLIO PAG ISO 100

OLIO PAG ISO 150

COMPRESSOR OILS MAINLY FOR USE IN AUTOMOTIVE HFC R134a A/C SYSTEM

Conceived to ensure complete compatibility with all components of A/C circuits, PAG OIL guarantees maximum protection against compressor wear, prolonging its life and maintaining its stability.

UV TEST LINE

FLUORESCENT DYE

UNIVERSAL TRACER A/C ADDITIVE

Special tracer oil, fluorescent under UV RAYS, specific for test of system tightness by means of visual check of possible leakages in the circuit.

SPRAY MULTINET

UNIVERSAL CLEANING

Special DEGREASING CLEANSER, specifically conceived to eliminate any residue of fluorescent tracer.

UV KIT

CASE CONTAINS: UV LAMP, PROTECTIVE GLASSES, 1 SPRAY MULTINET, 1 FLUORESCENT DYE

VACUUM PUMP OIL LINE

VACUUM PUMP OIL

VACUUM PUMP OIL

Mineral oil, specific for vacuum pump lubrication and tightness.

FILTERS

DRYER FILTER

DRYER FILTER

FLUSHING KIT

FLUSHING KIT

Special filtering system, to be externally applied on the CLIMA station, to completely eliminate impurities during automatic flushing operations.

SANITIZING PRODUCTS

CABIN SANITARY AGENT

SANITIZING SPRAY FOR CAR INTERIOR

A/C SYSTEM SANITARY SPRAY

SANITIZING SPRAY FOR CAR AIR CONDITIONING SYSTEMS

CONDENSER CLEANER

DEGREASING CONDENSER CLEANER

WARRANTY Program

The **A/C RECHARGE STATIONS** require a large use of consumables and periodic maintenance interventions.

Constant use of **HIGH QUALITY PRODUCTS** means better performance of the equipment, lower consumption costs and, above all, a longer life of the equipment.

To sum up: **BEST USE OF THE INVESTMENT AND FEWER PROBLEMS.**

It is in this view that the **WARRANTY LINE** has been selected: **TO ACKNOWLEDGE A LONGER LIFE** to all Recharge Stations for which routine maintenance is performed using high quality products of the **WARRANTY LINE**.
